ELECTRONIC MEASUREMENT LABS, INC.

is a representative, distributor and service center of gas monitoring (portable, fixed, stand alone and flue gas), protective clothing, ventilation systems, safety signage, fall safety products, and compressed air monitoring for the fire and emergency services, industrial applications, HVAC and many others. We have in depth experience to accurately identify your special needs and to provide the best products available. Our product line includes many brands to satisfy any gas detection or life safety requirements that you may have.

GAS MONITOR SERVICE, SUPPORT, SALES, AND RENTAL

24 hours a day, 7 days a week, 365 days a year we have technical support ready to handle any of your emergency needs. This includes factory authorized sales and service, fastest repair turnaround in the industry, and in house service while you wait.

We repair all brands! **We are the Official Honeywell Distributor Service Center for our region.**

We have been selling the best brands at the lowest prices for over thirty years. With our extensive years of hands on service based sales experience on all brands of gas monitors, we have become experts in our field and pride ourselves in getting our customers exactly what they need for their specific application requirements and life safety needs. Various models available for anytime rentals!

EFFICIENCY AND EMISSIONS MONITORING EQUIPMENT

Electrochemical, NDIR, and partial pressure sensor technology are used in our state of the art gas analyzers. These analyzers have been field proven for accuracy and reliability in all gas analysis applications including boiler efficiency and bio-gas applications.

FALL SAFETY PRODUCTS

Electronic Measurement Labs, Inc. represents all of the biggest names in Fall Safety, including: Gemtor, Capital Safety's DBI Sala and Protecta brands, as well as Miller and several other specialty brands. From harnesses to winches to tripods we have the equipment you need to protect yourself from gravity related workplace incidents.

HEARING, EYE, AND FACE PROTECTION

Electronic Measurement Labs, Inc. offers the full line of safety products from the leading suppliers at competitive pricing. We offer everything from earplugs to safety glasses to hardhats to respirators. Call us to discuss your personal safety needs now.

PROTECTIVE CLOTHING

We offer the top names in protective clothing products that are proven on-the-job every day, and are specified routinely for workers in the chemical petrochemical, healthcare, automotive, glass, cement and other industries in which hazardous materials must be handled. We also offer high visibility and fire or arc resistant clothing.

INDUSTRIAL, FIRE, AND MARINE VENTILATION

Our turbo blowers are engineered and built to meet the toughest workplace conditions using lightweight materials and high-performance turbofan blades. This new approach has resulted in a lighter, smaller, portable ventilator line while increasing durability, performance and value.
